VIDEO ANALYSIS - Players benefit from "RightView Pro", a state of the art video analysis system licensed by Major League Baseball. They can study their swing in side by side synchronized swing comparisons with over 50 of the most successful hitters in the game including Alex Rodriguez, Ken Griffey Jr., Chase Utley, Ichiro Suzuki, Albert Pujols, Manny Ramirez and more. Video analysis visually defines precisely what the most efficient hitters in the world ALL do. Coach Mainini will point out what the student is doing versus what he or she needs to do. The student can actually see it. Coach Mainini provides the appropriate improvement drills.

"When parents and coaches ask me who can really teach and train their players or teams, I recommend Mark Mainini."
