

South Bay Black Hawks

Looking For:

Players to fill U9-U14 teams. Limited spots available.

Club Objective:

We strive to prepare kids for baseball at the next level by providing a great learning atmosphere to develop individual talents within a complex team system.

Manager Bio:

Chris has coached at Palos Verdes High School at both the Freshman and Junior Varsity level since 2007. He also instructs kids on an individual basis with great success. Coach Hernandez is known by his students as being a very solid coach with a very sensible approach to teaching baseball. He has over 20 years experience, both as a player and a coach. His coaching staff includes

other local high school coaches from the South Bay along with former professional baseball players.

Testimonials:

"DILIGENT, HARD WORKING, DEPENDABLE, PROFESSIONAL, are the words that I would use to describe Chris Hernandez, from not only a character standpoint, but also in his teaching of baseball techniques to aspiring young players. I've witnessed noticeable skill improvement with the player's he has worked with, especially in the fundamental aspects, basic and advanced, that today's young player must master to have success in the game."

- CC (Youth and Travel Ball Baseball Coach since 1998)

Chris,

I just want thank you for coaching our Black Hawk team this summer and fall. Jordan has learned a tremendous amount of baseball under your coaching. But I must tell you what Jordan enjoyed most of all is that you not only taught some great skills that you brought from your high school coaching experience but you also did it using positive reinforcement and communication. Consequently, Jordan came back to Lunada Bay little league so strong. Here is a an excerpt of what his coach said about him: *I have decided on my coaching strategy for the rest of the year - we are all going to jump on to the Jordan Greenway Express and ride it all the way home. Game #1 a two run, walk off home run; then Game #2, pitching in front of a steady defense and timely hitting he pitched a 57 pitch, 6 inning complete game. I have never heard of such efficiency – that's less than 9 ½ pitches per inning. Remarkable.*

Again, Many many thanks for everything. Cheers! Soraya Greenway
